Call for Papers

The International Workshop on Image-based Smart City Applications (ISCA 2015) is a satellite event of ICIAP 2015 that will be held in Genoa, Italy, September 8, 2015.

ISCA 2015 will provide a forum for researchers in all areas of image-based applications for Smart City. In the following are reported some topics of interest:

- Image-based Intelligent Transport Systems
- Support Systems for Visual Impaired People
- Image Processing for Touristic Applications
- Augmented Reality, Ambient Displays and Wearable Devices
- Image Processing for Mobile Applications
- Benchmarking and Quantitative Evaluation
- Image-based e-Health Applications
- Intelligent Urban Environment Visual Analysis
- Image-based techniques for Document Processing Applications
- Remote Sensing Applications for Smart City
- Image Analysis for Logistic Support
- Real-time Indoor and Outdoor Video Surveillance
- Real-time Scene Understanding
- Forensic Image Analysis
- Human-centred Activity Analysis
- Human-machine Interactions on Smart City Applications

The scientific program of ISCA 2015 will consist of one-track session with technical contributions peer-reviewed and selected by an international programme committee of leading experts in the fields. ISCA 2015 invites original previously unpublished contributions that are not submitted concurrently elsewhere. All accepted papers will be published in the **LNCS Springer's proceedings** and the authors of accepted papers will be invited to present their work in the form of oral presentations. All papers and presentations will be in English.

Submission format: Authors must follow the LNCS Springer's guidelines and technical instructions for paper preparation, as reported at the [webpage](#). For your convenience, please consider that ISCA 2015 paper format is the same as for the ICIAP 2015 Conference. Therefore, authors can find all material at <http://www.iciap2015.eu/submissions/papers.html>. Please note that the manuscript length is 8 pages maximum.

Submission server: paper submission can be performed by the EasyChair Conference System at <https://easychair.org/conferences/?conf=isca2015>.
